# MG INSPIRED DESIGNS

# 02 PROBLEM?

## **Design changes causing project delays**

MG Inspired Designs ensures clear communication with construction teams to minimize delays.

## **Budget overruns due to design revisions**

By providing detailed, upfront design plans, MG Inspired Designs helps avoid last-minute changes.

## **Inconsistent design quality across multiple projects**

MG Inspired Designs ensures consistent design standards across projects.

## Design Development

# 03

After consultation, we develop design concepts using sketches and 3D renderings, focusing on layouts, materials, and lighting, with regular feedback check-ins.

## Selections & Styling

We guide you in choosing materials, colors, and finishes, ensuring every selection aligns with the overall design vision for a cohesive and stylish result.

## Build & Install

In the build and install stage, we manage contractors and vendors, overseeing every detail to ensure your design is flawlessly executed.

## Our Process

From consultation to installation, we manage each step to ensure your vision becomes a functional, beautiful space.
